

Tradition Asset Management Awarded Top Guns Designation by Informa Financial Intelligence

February 12, 2020

SUMMIT, NJ – Tradition Asset Management today announced that it has been awarded a PSN Top Guns distinction by Informa Financial Intelligence’s PSN manager database, North America’s longest running database of investment managers.

Tradition Asset Management was honored with a 6-star Top Gun rating for its Dividend Value strategy.

“It’s great for the firm to be recognized as a Top Gun in the equity investment management. I am proud of our team,” said Benjamin C. Halliburton, Chief Investment Officer.

Through a combination of Informa Financial Intelligence’s proprietary performance screens, PSN Top Guns ranks products in six proprietary categories in over 50 universes. This is a well-respected quarterly ranking and is widely used by institutional asset managers and investors. Informa Financial Intelligence is part of Informa plc, a leading provider of critical decision-making solutions and custom services to financial institutions.

Top Gun firms are awarded a rating ranging from one to six stars, with the number of stars representing continued performance over time.

Tradition Asset Management’s Dividend Value strategy was named Top Gun 6-star rating, meaning the Dividend Value strategy had an r-squared of 0.80 or greater relative to the style benchmark for the recent five-year period. Moreover, products must have returns greater than the style benchmark for the three latest three-year rolling periods. Products are then selected which have a standard deviation for the five-year period equal or less than the median standard deviation for the peer group. The top ten information ratios for the latest five-year period then become the 6 Star Top Guns.

“Congratulations to Tradition Asset Management, LLC for being recognized as a PSN Top Gun,” said Ryan Nauman, **Market Strategist at Informa Financial Intelligence’s Zephyr**. “This highly esteemed designation allows us to recognize success, excellence and performance of leading investment managers each quarter.”
